RE: APPLICATION OF TIWALD TITLED "METHOD FOR EVALUATING COMPLEX
REFRACTIVE INDICIES UTILIZING IR RANGE ELLIPSOMETRY";
SERIAL NO.: 09/888,598;
FILING DATE: 06/25/01
PRELIM ART UNIT: 2877.

Dear Sir;

I am in receipt of a "Notice to File Corrected Application Papers", dated 08/23/01, regarding the identified Application.

While the Notice is vague regarding exactly what is requested, a look at the file has determined that Fig. 10a was erroneously labeled 10b, with the result being that there are two Figs. labeled 10b. It is believed that this is the problem to be corrected at this time.

In Response, please find accompanying a New Page of Figures with Figs. 10a and 10b thereupon labeled properly.

If any additional changes are intended, it is believed that the proper forum for such would be an Examiner Action, as accompanying change would be required in the Specification to then bring the Drawings and Specification into Agreement.

Please advise if additional change is intended at this time.

If I do not receive additional Notice, I will assume this Response is sufficient to meet the present requirements.

Sincerely,

JAMES D. WELCH
